Corporate Vision Magazine Announces the Winners of the Australian Enterprise Awards 2025

Green Gravity, a leader in gravitational energy storage technology, has been named as winner in the 2025 Corporate Vision Australian Enterprise Awards.

Corporate Vision Magazine has unveiled this year's winners of the esteemed Australian Enterprise Awards.

Corporate Vision's Australian Enterprise Awards are as varied as they are exciting, and the winners of these prestigious awards are celebrated in this year's edition.

It's a pleasure to announce our winners as the programme continues to notice the best of the best and shining a spotlight through our editorial pieces and winners listings. Corporate Vision is proud to work with such outstanding businesses and individuals who are making waves in their industries all for the overall corporate health of Australia, the rest of the world, as well as the well-being and satisfaction of a plethora of clients and customers.

Melissa Bramall, Awards Coordinator of Corporate Vision, shared:

“This year’s winners have truly been making a positive impact on their spheres as they continue to innovate and update their business practices, services, and products. Working hand in hand with their clients and customers to create collaborative and successful relationships, our awardees elevate satisfaction levels across their regions – also impacting the rest of the globe. Congratulations again, your win is well deserved.”

To find out more about these esteemed awards, and the dedicated professionals selected for them, please visit <https://www.corporatevision-news.com/awards/australian-enterprise-awards/> where you can view our winners supplement and full winners list.

About Green Gravity

At Green Gravity, we develop and operate cutting edge gravitational energy storage systems. We aim to become the world’s lowest cost and most sustainable provider of energy storage technology.

Decarbonisation of the energy system needs rapid deployment of renewable energy. To manage the inherent variability of renewables, energy storage must be added to our electricity grids.

Green Gravity’s energy storage system moves heavy weights vertically in legacy mineshafts to capture and release the gravitational potential energy of the weights. By simply using proven mechanical parts and disused mineshafts, Green Gravity’s energy storage technology is low-cost, long life and environmentally compelling.

Based in Wollongong Australia, we are working with global miners, energy companies and research institutes to scale up our innovative energy storage technology.

About Corporate Vision Magazine

[Corporate Vision Magazine](#) is published monthly on our digital platform with the mission to deliver insightful features from across the global corporate world. Launched with an eye towards bettering business practices across the board, we focus on spotlighting advances in the HR, marketing, coaching, and recruitment spheres. To put it simply, we want to shine a light on the gatekeepers of better

business. Those that help build, through no small amount of creativity and expertise, to develop an altogether more productive, more efficient world of work.

Our inclusions represent opportunities to help accelerate your company to new heights, in new ways. Struggling to enter a new market? Want to keep up to date with the latest IT advances? Eager to attract new talent? Corporate Vision can help point you in the right direction.

About AI Global Media

Since 2010 [AI Global Media](#) has been committed to creating engaging B2B and B2C content that informs our readers and allows them to market their business to a global audience. We create content for and about firms across a range of industries to ensure that they are recognised and rewarded for their commitment to their causes, teams, and clients no matter the challenges their industries may face.

Today, we have a diverse portfolio of dedicated brands, each of which serves a specific industry or region. Each brand covers the latest news and insights in a myriad of sectors, unique advancements within integral industries, and excellence across many regions.

Our flagship brand, [Acquisition International](#), showcases a monthly digital magazine to a global audience who ready for inspiration, knowledge, and motivational success stories involving the innovative developments sweeping across the corporate landscape. Ultimately, our readers are treated to a range of features and news pieces on the latest developments in the global corporate market, so that they too can flourish in their own way – taking what resonates and feeling part of a community in business.
